A Partnership Built on Pure Performance

Playful Rewards runs on a RevShare or CPI model — your earnings scale directly with user activity or installs. No flat fees, no upfront costs, no risk. When your audience plays, earns, and cashes out, you share in every dollar generated.

RevShare & CPI

PERFORMANCE-BASED · ZERO RISK · ZERO UPFRONT COST

iOS — Apple App Store

Android — Google Play

Why Partner With Playful

- ✓ Zero upfront cost — pure RevShare or CPI model
- ✓ High-intent users motivated to complete actions
- ✓ Real cash rewards (not just points) drive deeper engagement
- ✓ Daily streak system (D1–D30) creates habitual app usage
- ✓ Diverse: games, offers, deals, videos & surveys
- ✓ In-app cash-out retains users & boosts session frequency

How the Partnership Works

- 1 Publisher drives installs or traffic to the Playful app
- 2 Users engage with games, offers, and deals in-app
- 3 Each completed action generates a revenue event
- 4 Revenue is shared with publisher on agreed terms
- 5 Real-time dashboard provides full attribution visibility
- 6 Frequent payouts with clear performance tracking

App Features — Built to Engage & Retain

D

Daily Streak System

D1–D30 streak bonuses keep users returning every single day. Miss a day, lose your streak — powerful retention mechanic.

T

Turbo Earnings

Advanced challenges unlock \$40–\$80 bonuses for power users who make in-app purchases. Drives higher ARPU.

W

Real-Time Wallet

Live coin balance on every screen. Users see their progress toward the next payout threshold at all times.

G

500+ Games Available

Bingo Blitz, Match Masters, Colorwood, Candy Crush, Monopoly GO! and more — something for every player.

T

Transparent Tracking

Full lifetime, available, and pending coin history. Users always know where they stand — builds trust and loyalty.

\$

Easy In-App Cash Out

PayPal, Venmo, Gift Cards, Bank Transfer — users never leave the app to claim their reward. Fast & frictionless.
